Boutique Travel Service

Your very own bespoke travel service providing tailor-made solutions for the discerning traveller.

With our unique combination of extensive knowledge and industry relationships, we specialise in taking you to sights off the beaten tourist track whether it is within our own beautiful city of Chiang Mai, or north to the exotic Golden Triangle with the magical Mekong River taking you down to the land of the million elephants, Laos.

Perhaps you're looking to find serenity in a temple retreat, or float lazily down the Mekong River on a luxury boat. Try adventure trekking among the hill tribes of the Golden Triangle, or perhaps white water rafting down to Mae Hong Son.

Maybe you deserve some luxury and pamper yourself by taking the famed Orient Express train to Singapore for some retail therapy?

Do the temples of Angkor beckon, or the beaches of Samui touch a sybaritic chord?

Does a course in Thai cuisine tickle your palate? How about qualifying as a Thai masseuse?

We at BTS are able to provide you with a personalised service that will provide trouble-free answers to all your travel needs.

Our travel services range from arranging international flights and hotel bookings to personalised guided tours throughout the region, as well as local sightseeing trips.

Our staff is friendly, efficient and multi-lingual.

Our knowledge stems from ten years of experience – we are the official travel agency of The Chiang Mai Expats Club.

We even facilitate the Southeast Asia International Internship Program sponsored by Brigham Young University Utah, USA. and other institutions worldwide.

We regularly look after those who are looking for the unusual and the exceptional.

**Experience does count.
Ours will make yours unforgettable**
